ASSEMBLY BILL

No. 787

Introduced by Assembly Member Chesbro

February 17, 2011

An act to add Section ~~2864~~ 2864.5 to the Fish and Game Code, relating to marine resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 787, as amended, Chesbro. Marine protected areas: California Native American tribes.

The Marine Life Protection Act (MLPA) establishes the Marine Life Protection Program to reexamine and redesign California's marine protected area system. Existing law requires the Department of Fish and Game to prepare, and the Fish and Game Commission to adopt, a master plan that guides the adoption and implementation of the program, including recommended alternative networks of marine protected areas. Under the MLPA, the taking of a marine species in a marine life reserve, a type of marine protected area, is prohibited for any purpose, including recreational and commercial fishing, except as authorized by the commission for scientific purposes.

This bill would require ~~the commission, notwithstanding existing restrictions and allowable uses, to permit California Native American tribe members, as defined, to continue fishing and gathering practices for traditional religious, ceremonial, and cultural purposes within a marine protected area, subject to applicable tribal and federal environmental laws~~ *a member of a federally recognized Native American*

tribe in California who engages in noncommercial fishing, gathering, or other traditional cultural practices within the North Coast Study Region, as designated pursuant to the act, to possess a valid tribal identification card and comply with the plan for Native American fishing and gathering approved by the commission.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
